“How To Use Your Computer & Phone”

(So you don't end up like this)

Hi,

My name is Képler and I am a software developer and your teacher for the tech mastery seminar...

Like I mentioned before, this seminar is going to be **FREE**

You won't have to pay anything all that we will ask of you...

bring your questions

You will learn how to find the... answers to all and any of them

That's right, once you leave the seminar, all the questions you had, you will be able to find the answers

Why Should You Learn?

The reality is
Tech is all around us now
Can You avoid it?
No

If You want to get money
You have to use an app
You go the doctors office
They want You to use an app
You have questions for a business
They point You to a FAQ page on a website
Businesses are always leading You to some tech platform. Do you know Why?

Because they don't have to pay someone to answer your questions

They tell You it's "easier and faster", that may be true...
If only they bothered to teach You how to use it

It's like being told that driving to a store is "easier and faster" than walking 2 miles. It's true. the **PROBLEM** is that You don't know how to drive

If You can't drive, not only will this "easier and faster" mode of transportation not work, You will most likely get in an accident or even die...

That's the problem You are facing with all this tech

If you're tired of feeling like the picture above and...
If you want the solution

Attend The Seminar For FREE

Where: Milano Lakes Office
When: Saturday, January 20th
Time: 2 pm - 4 pm.
Cost: FREE
